INTRODUCTION

The Massachusetts Division of Employment Security has prepared a set of publications presenting labor market information for affirmative action programs in order to assist employers who are attempting to meet affirmative action obligations. A separate informational packet is available for Massachusetts and each of the Standard Metropolitan Statistical Areas as they existed at the time of the 1980 Census.

Users should note that these publications do not contain the specific requirements to which federal contractors must conform in making a utilization analysis. Reference should be made to the Code of Federal Regulations, Title 41, Subtitle B, Chapter 60, Section 60-2.11, and Office of Federal Contract Compliance Programs Order Number 660b15. **For technical assistance regarding Affirmative Action requirements not contained in this packet, please contact the Office of Federal Contract Compliance, Boston Area office. They may be called at 617/565-2055.**

The labor market information contained in these publications is based on the 1980 Census. The Massachusetts Division of Employment Security has no current plan to revise these 1984 editions unless updated information is received from the federal government. Questions concerning these data packets should be directed to the Field Research Department at 617/727-6530.

The Massachusetts Division of Employment Security is prepared to assist employers in affirmative action recruitment. The Job Matching Center in your area uses computer assisted job matching to bring together qualified job applicants and available job openings. In addition, the local job center can provide information on government funded programs designed to assist employers in job training and placement. Division of Employment Security Job Matching Centers are listed in your local telephone directory.

DESCRIPTION OF TABLES

<u>Table I</u>	Population by Race
	This table contains population by race from the 1980 Census-Summary Tape File 1. This is an unduplicated count of individuals with minority status.
<u>Table 1A</u>	This table contains population by sex and minority status from the 1980 Census-Summary Tape File 3.
<u>Table 2</u>	Labor Force Status, by Sex and Minority Status, Noninstitutional Population 16 Years or Older
	This table contains labor force, employment, and unemployment data from the Census of Population and Housing, 1980 Summary Tape File 3-C. The labor force is the sum of employment and unemployment. The unemployment rate equals unemployment divided by the labor force. The labor force participation rate was obtained by dividing the number of people in the labor force by the civilian population 16 years of age and older.
<u>Table 3</u>	Summary Occupations by Sex and Race/Ethnicity
	Table 3 lists Summary Occupations by Sex and Race/Ethnicity. The report is based on the Census Bureau's EEO Special File.
<u>Table 3A</u>	Detailed Occupations by Sex and Race/Ethnicity
	Table 3A is based on the 1980 Census Equal Opportunity (EEO) Special File, providing information on the civilian labor force by sex and seven racial/ethnic categories for 514 detailed occupational categories. Census data on race and Hispanic origin were obtained through self-identification. The seven major racial/ethnic categories shown are White not Hispanic, Total Minority, Black not Hispanic, Asian and Pacific Islander not Hispanic, Native American not Hispanic, Remaining Races not Hispanic, and Hispanic all races. The category, "Asian and Pacific Islander" includes Japanese, Chinese, Filipino, Korean, Asian Indian, Vietnamese, Hawaiian, Guamanian and those persons who had a write-in entry of an Asian or Pacific Islander group in the "Other" category of the census questionnaire. "Total Minority" is defined as Total minus White not Hispanic. "Remaining Races" is defined as Total less White, Black, Native American, and Asian and Pacific Islander. Persons of Hispanic origin may be of any race. A dash (-) represents zero or a percent which rounds to less than 0.1. The three dot symbol (...) indicates data suppressed by the Census Bureau or a composite item one or more of whose components contained such suppressions.

- 1/ Racial Groups defined in the 1980 Census
- 2/ These unemployment rates are derived from the data presented in this table. They are unofficial because not all respondents were enumerated during the same week.
- 3/ The percent of the noninstitutionalized population 16 years and over who were in the labor force. The labor force includes those people who are employed, and those who are unemployed and actively seeking work.
- 4/ Some double counting exists in this data, because some individuals are listed both under one of the nonwhite racial groups and under Spanish Origin.

Technical Footnotes to Tables 3 and 3A
Occupations by Sex and Race/Ethnicity

- a) Racial categories on these tables are the same as those in the EEO Special File except that the Census Bureau category "American Indian, Eskimo, or Aleut" has been renamed "Native American", and "Other (Race n.e.c.)" has been renamed "Remaining Races".

Complete-count and sample data estimates for specific racial categories may not agree because write-in entries were handled differently for tabulations of complete-count and sample data.

- b) Items in the report are taken from the Census Bureau's EEO Special File, which contains statistical estimates based on sample data from the 1980 Census. That is, they are estimates of actual figures that would have resulted if a complete count had been done for the occupation questions. Estimates can be expected to vary from the complete-count result because of sampling error.
- c) Census occupational categories indicate the kind of work a person was doing at a job or business during the reference week (March 23-29, 1980) or, if not at work, at the most recent job or business if employed since 1975.
- d) "Total Minority" includes Hispanics of all races and non-Hispanics of all non-white races.
- e) The civilian labor force consists of employed and unemployed civilians 16 years old and over.
- f) In Summary Occupations by Sex and Race/Ethnicity Table, "Total, All Occupations" excludes unemployed persons with no civilian work experience since 1975.
- g) "Miscellaneous Machine Operators n.e.c." (777) and "Machine Operators, not specified" (779) are retabulated by industry in the three unnumbered categories shown below (779).
- h) "Laborers, except construction" (889) are retabulated by industry in the five unnumbered categories shown below (889).
- i) The data is presented exactly as received from the Lawrence Berkeley Laboratory. Totals may not add due to rounding or other factors related to sampling and estimation techniques.
